Issue 9

27<sup>th</sup> July 2005

Inside this issue:

**Terrorism and radical Islam** 1-11

**What is the solution to this terrorism?** 12

#### Ps 81:15

**The haters of the Lord would pretend submission to Him, But their fate would endure forever.**

It is unfortunate for the bombings on Thursday 7<sup>th</sup> of July 2005 when many people lost their lives and several hundred were injured, so far we are still counting the number of the dead and injured estimated at 56 fatalities and 700 injured, we are also counting the cost of this to our business and the economy which will perhaps run into the tunes of billions of pounds. London was hit again second time on the 21<sup>st</sup> July 2005 with similar four bombs and a bus was involved like the last time but no injuries have been reported. It appears the attack failed to go off as planned. The homicide bombers are on the run. Sharam Al-Sheikh in Egypt was hit with two massive bomb blasts in the wake of the London blasts and there were eighty three deaths and over 100 injuries. Six Pakistani men are on the run and the police are seeking to locate these men. The purpose of the blast in Egypt was to kill many foreigners by the Islamists forces.

#### **What is the Chinese connection?**

Initial reports that came out of the media were that this was military grade explosives and then we were told that no these are home made bombs. The explosives that could have been used could be TATP, plastic explosives made in the ZDF laboratories situated some 60km to the west of Beijing. The Chinese have had known links with terrorists groups. It may come as a surprise for us to learn that Osama Bin Laden visited Beijing at least three times under the auspices of the ISI Pakistan intelligence service head prior to 9/11 to arrange a large contract for the Taliban government. It is quite plausible that the explosives were smuggled to England and used here by the Muslim bombers. These explosives are even more dangerous than Semtex and virtually undetectable. The connection takes us back to Pakistan hint hint. The two British Muslim suicide bombers that visited Israel also had the same explosives and went undetected by the extra vigilant security patrols there. Israelis will hopefully come to our rescue with a new device they are producing to detect these type of explosives.

What we are seeing here is clearly a revival of **fanatic** Islam that the Bible puts it like this.

**Revelation 13:3** I saw one of his heads as if it had been **mortally wounded**, and his **deadly wound was healed**. And all the world marveled and followed the beast.

The last Empire that was Islamic was brought to a close by the British and French in 1924 was mortally wounded but not killed so now we are seeing a revival of the beast of Revelation and a literal rise out of the earth of the second beast that has ALL the authority of the first both being Islamic.

## Terrorism and radical Islam

**Revelation 13:11** Then I saw another beast coming up out of the earth [Rise of fundamentalist pure Islam from all over the world in every country]

At the same time we have many moderate Muslims making mention of Islam is peace, unfortunately such rhetoric has no value in our society when we are constantly being hit by homicide bombers because actions speak louder than words. Someone needs to ask the question why fanatic Muslim people are willing to blow themselves up to kill other innocent civilians if the religion is about peace? What are the moderate Muslims going to do about the violent verses in the Qur'an that are active today, if their excuse is that these are being misapplied today then surely them being in the Qur'an in the first place is the reason itself is a testimony to why fanatics can apply them and are right in their thinking when they have majority backing from many Islamic scholars to their being in force today.

### Ps 83:3-4

They have taken crafty counsel against thy people, and consulted against thy hidden ones. They have said, Come, and let us cut them off from *being* a nation; that the name of Israel may be no more in remembrance.

A lot of people would like to understand the reasons why would people from a distant land attack us with such brutality.

This reminded me of the 9/11 event and a verse from Revelation came to mind.

**Revelation 9:11** And they had a **king over them, which is the angel of the bottomless pit**, whose name in the **Hebrew tongue is Abaddon**, (Allah) but in the **Greek tongue hath his name Apollyon**.

It may come as a surprise for some to know that Allah has a beautiful name out of the 99 names that is described in the Arabic language as Al-Mumit; this is the 62<sup>nd</sup> name of Allah that means exactly as the book of Revelation described it as "the one who can destroy". Did we on 9/11 see the wrath of Allah on the US nation through the Muslims and did we see the hand of the "one who can destroy"?

In the UK we also saw something incredibly described in the book of Daniel 7:7 as;

**Daniel 7:7-8** After this I saw in the night visions, and behold, a **fourth beast, dreadful and terrible, exceedingly strong**. It had **huge iron teeth**; it was **devouring, breaking in pieces, and trampling the residue with its feet**. It was **different from all the beasts** that were before it, and it had ten horns.

The attacks happened in the UK on 7/7, it is uncanny that the prophet Daniel described a beast that rises up and is **dreadful, terrible and exceedingly strong, devouring and breaking** in pieces. Could this beast described by Daniel the prophet be the same beast that struck us in the UK? Is God trying to teach us something that we perhaps are blind to spiritually?

The raid in the UK from a military point of view was very strategically

## Terrorism and radical Islam

planned and executed by the perpetrators. These were four young British Muslim men who became the suicide bombers to attain eternal paradise the Islamic way.

**Sura 5:35** O you who believe! be careful of (your duty to) Allah and seek means of nearness to Him and strive hard in His way that you may be successful.

It is taught in Islam to strive in the way of Allah that means in anyway possible and the clerics have decided that this includes homicide bombings to force people to accept the values of Islam and expel the enemy from Muslim lands. Where Islam dominates they want the West to stay out if they are not willing to accept their values because they see the West as a decadent society with empty spirituality and these people are trying to fill the void with the rhetoric of peaceful Islam in the lives of Western people.

No wonder the Bible calls it like this;

**Revelation 13:14** And he deceives those who dwell on the earth by those signs which he was granted to do in the sight of the beast,

This has caused the British people to question our involvement in Iraq and the question of Israel and her tiny piece of land has reared its ugly head again, this is exactly what the perpetrators wanted and so we can see that their strategy worked. Many people fail to recognise that Saddam Hussain had been killing Iraqis for the last thirty years and an estimated five million people were killed some by very brutal torture, the Iraqi exiles had been begging the Western governments to act and the only time the West had acted was when 9/11 happened because of Saddam's involvement with dissident groups. Saddam was also one of the key supporters behind the daily homicide bombings in Israel paying each successful suicide bomber's family with a pension for life and a lump sum of \$25,000 as a thank you gift.

There are several reasons given for the war in Iraq but unfortunately most people forget that 9/11 happened before the war in Iraq or Afghanistan and also they forget that radical Islam has been at war with the US for almost 20 years now, many people forget the unprovoked attacks on the US troops in Aden in 1992 so this is nothing new.

Radical Islam did not just grow out of nowhere, this is the doctrine from the inception of Islam when Muhammad migrated to Medina and became politically powerful and his followers did many things on Muhammad's personal orders that today would also be labelled as terrorism by the media. The Taliban government in Afghanistan was put in place by no other then the Pakistan ISI (intelligence agency) through the funding of CIA during the war that ensued with the Russian invasion of Afghanistan. Saddam was helped by the US while in power and even given biological agents that he was able to inflict on his own people in Halabja in Kurdistan, when Saddam Hussain fought the Iran/Iraq war he was seen as a friend by the Arab nations because they felt threatened by Ayatollah Khomeini and his very rigid stance of Islam, he personally conducted trials and eliminated many intellectuals from Iran, these were the dark years of the Iranian rulership.

This was US policy that went horribly wrong and came back to haunt the West not only of the billion of dollars they gave to Pakistan's ISI that was money misappropriated by the ISI but also of not doing anything strategic about Iran. The same haphazard policy was also put in place for the Balkans where Osama bin Laden was the active chief for the KLA (Kosovan Liberation Army) before the Afghanistan war and this allowed the murder of several hundred thousand Serbian Christians

and the burning of their churches, homes and villages. Even the NATO led bombing authorised by Bill Clinton and the Security Council only allowed the radical Islamic factions in the Balkans to rampage and murder more Serb civilians and garner tighter support. Al Qaeda's inception actually happened by a Palestinian by the name of Abdullah Azam and its roots go back to the Muslim brotherhood in Egypt. In the past the appeasement of Muslims in Egypt led to the downfall of an Egyptian civilisation and from a Christian nation that were taught to turn the other cheek, there the Christian Coptic's the oldest Christian community today are a minority who have no voice and are ruled by the Islamic warlords and the West does nothing about the human abuses in Egypt. The same can be said in Sudan where innocent people are being slaughtered in the name of Allah. Nigeria also has its problem with the north south divide where the Muslims implementing their Sha'ria to force people to Islamic ways. Where ever Islam has risen in power we see death and destruction. Does this look like peace on earth?

**Daniel 7:7b** It had huge iron teeth; it was **devouring**, **breaking** in pieces, and **trampling** the residue with **its feet**.

Going back to 1990, here's a quote from Izetbegovic's book, "Islamic Declaration:"

"...**There can be no peace** or coexistence between the "Islamic faith" and non-Islamic societies and political institutions. ... Islam clearly excludes the right and possibility of activity of any strange ideology on its own turf...and the state should be an expression ...of the religion. ..." (Emphasis added, 'Islamska Deklaracija,' p. 22)

Izetbegovic idolized the Ayatollah Khomeini. His fanatic Islamist movement lost the 1990 elections to Fikret Abdic. Abdic was a moderate Muslim. But the Bush and Clinton administrations backed Izetbegovic who forced Abdic out. Abdic and his moderate Muslim followers allied with the Bosnian Serb Army against Izetbegovic's Islamist fanatics.

The bringing of people to trial in Hague is another thing that needs to be deeply looked at.

Professor Dr. Raju G.C. Thomas talks about his fact finding mission to Yugoslavia; about the Satanization of the Serbs in the West and the role of Court in the Hague. He says: My impression of the intended international war crimes tribunal was that it violated every principle of justice and fair play. The system and process would be thrown out as a cruel farce in any domestic Western democratic society

This is what one General Lewis MacKenzie had to say;

**Maj-Gen. Lewis MacKenzie: We bombed the wrong side?**

**Written by Salvia**

Wednesday, 07 April 2004

Five years ago our television screens were dominated by pictures of Kosovo-Albanian refugees escaping across Kosovo's borders to the sanctuaries of Macedonia and Albania. Shriill reports indicated that Slobodan Milosevic's security forces were conducting a campaign of genocide and that at least 100,000 Kosovo-Albanians had been exterminated and buried in mass graves throughout the Serbian province.

NATO sprung into action and, in spite of the fact no member nation of the alliance

was threatened, commenced bombing not only Kosovo, but the infrastructure and population of Serbia itself -- without the authorizing United Nations resolution so revered by Canadian leadership, past and present.

Those of us who warned that the West was being sucked in on the side of an extremist, militant, Kosovo-Albanian independence movement were dismissed as appeasers. The fact that the lead organization spearheading the fight for independence, the Kosovo Liberation Army (KLA), was universally designated a terrorist organization and known to be receiving support from Osama bin Laden's al-Qaeda was conveniently ignored.

The bombings in London are Chechnya and the Balkans coming home for us. We are dealing with veterans of warfare and their only purpose is to kill maim and destroy, I am sure it will not be comfort to many that we must face our own ghosts and realities that we are not facing a rag tag army of soldiers but perpetrators that have skill and experience in this type of warfare against civilian populations. They have trained young British Muslims who are ready to blow themselves and others up in the **name of Allah** at a moments notice, these are ordinary young Muslims who are graduates, professional and in all spheres of life, there is no shortage of opportunity for them in this nation to succeed in a good career but they would rather become Martyrs and these are Martyrs for a cause, the cause is **subjugation** of the West and unless we act in defiance and with good measure the danger is we will be hit by more severe attacks.

Liberal voices are at it again, maybe dialogue is the answer but it's rather unfortunate that the suicide bombers do not understand dialogue. There is one sure way to deal with this problem is to engage the Muslim nations in dialogue on a roundtable and help the Muslim nations to deal with this problem once and for all, that is if they are interested in solving these issues. The Western governments must work in collaboration with the Muslim governments to route out the terrorist ideology and the education curriculum that promotes this type of propagation must be stopped and reformed. Money spent by the Western governments to do this would reap better results. The only trouble is we may face serious consequences because we cannot reform the text of the Qur'an that advocates warfare against non-Muslims.

### **Where do we stand today Biblically and prophetically?**

I tend to look at the Bible prophecy to find reasons for why we face such hostility, the central reason is that fanatic Muslim groups hate the Western values and at the core they revile Christianity. The other big reason is Israel and the support that is given to it by the US and some other Western governments, simply put, the radicals want the West to back off Israel so they can have a field day with Israel, they simply want to eradicate the Jews and occupy their land.

The hatred that the radical Muslims exercise is not something that has come about because they have misunderstood the teachings of the Qur'an like our politicians would like us to believe but it is because they exist in the Qur'an and are taught as tenets of the faith. Do we think the radical Muslims all over the world have gone raving mad? No they have simply decided to exercise their faith as stated in the Qur'an and unfortunately the ideology of jihad would take a whole book to explain. We are seeing the results of this ideology in Chechnya, Pakistan, Iraq, Iran, Israel, Saudi Arabia, Somalia, Indonesia, Philippines and many other nations, this is a true revival of radical Islam as prophesied in the Bible but even most Christians are not taught Bible prophecy to recognise this phenomenon or at worse they are taught error by the prophecy teachers that the Pope is the Antichrist.

**Revelation 13:11-12** Then I saw **another beast coming up out of the earth**, and he had two horns like a lamb and spoke like a dragon. (12) And he exercises all **the authority of the first beast in his presence**, and causes **the earth and those who dwell in it to worship the first beast**, whose **deadly wound** was healed.

## How can we make peace with them?

Many ask the question how we can make peace with them so that they can leave us alone. This is exactly the response they are looking for, if we are willing to sacrifice your liberties, convert to Islam and do exactly as they tell us then they can leave us alone. If we are willing to do this then that is what they would consider as a peace proposal, oh and do not forget we are only 2<sup>nd</sup> class citizens (Dhimmis), if we decide not to convert and just hand over our government, cash and resources to them to let them rule us and if we convert to Islam the superiority still lies with the Arabs so they can govern us under the caliphate.

The common methodology would be to stand and fight the extremists and drive them out and imprison those that want to maim kill and destroy us but there is another very simple and effective choice that can run side by side. How about giving the gospel of Jesus Christ to these people so they may come to know that God loves these people and does not want them to perish, they do not have to become suicide bombers to go to paradise, there is a real way through Jesus of Nazareth. Jesus is the only person who can change these people within and in turn we would have turned potential suicide missionaries into peace loving citizens. These are real verifiable reforms, a friend of mine who was a Palestinian ex-terrorist working with the Fatah movement in Israel who wanted to destroy Israel became a Bible believing Christian because he found the truth in the Bible through the Lord Jesus Christ and now he loves Israel. The other reforms are only tit for tat where you arrest them as fast as new recruits for suicide missions are produced and they would be very difficult to stop. There are at least two hundred recruits ready for suicide missions in the UK, how many can we realistically stop? I warned in my book "Islam, peace or beast" last year that when the call for jihad goes out how many would turn to these things.

This raid that took place in London is the first ghazi style raid that the radicals consider a way to put fear into people and force them to submit. The idea of Ghazava is to do dare devil raids to show the West that Islamists are not afraid and they can crack their security. Some people argue that this sort of behaviour comes about as a result of poverty or lack of opportunity is just a logical fallacy. The ideology they espouse is that of their holy text the Qur'an and it is plainly taught they should wage war against the infidels.

**Sura 8:12** I shall cast terror into the hearts of the infidels. Strike off their heads, [Behead them] maim them in every limb.

So at the heart of this is the idea that by doing this kind of bombing and shedding of blood that they would gain paradise with seventy two hooris (Virgins). Is it not sad that the God of Israel sent His only Son Jesus Christ to die on the cross for our sins while the Muslim parents are asked to send their sons to death for their sins? This is the ultimate tragedy.

Osama bin laden and most of these people following the doctrine of Molana Abu Ala Madudi the Pakistani cleric who wrote several books on the subject and form of jihad.

"Islam wishes to **destroy all States and Governments anywhere on the face of the earth, which are opposed to the ideology and programme of Islam regardless of the country or the Nation which rules it.** The purpose of Islam is to set up a State on the basis of its own ideology and programme, regardless of which Nation assumes the role of the standard bearer of Islam or the rule of which nation is undermined in the process of the establishment of an ideological Islamic State."

--Sayeed Abul A'la Maududi, Jihad in Islam p9

That age old question of radical Islam once again to blame the Jews and anyone who tries to help or align themselves with Israel would be looked at as an enemy by the Islamists.

The Islamist goal is also to conquer the Dar ul Harb (Abode of war) for Allah, so any nation that is not Islamic today is Dar ul Harb by definition and must be conquered.

You may ask what about the innocent civilians? Here is what a Muslim scholar had to say.

### **Hani Al-Siba'i**

Responding to questions about the terrorist attack on London, a Muslim scholar in the British capital asserted Islam makes no distinction between civilians and military targets.

"The term 'civilians' does not exist in Islamic religious law," said Hani Al-Siba'i, head of the Al-Maqreze Centre for Historical Studies in London.

Al-Siba'i, in an interview with the Arab news channel al-Jazeera, elaborated, "There is no such term as 'civilians' in the modern Western sense. People are either of Dar Al-Harb or not."

Dar Al-Harb refers to the Muslim concept of the world being divided into two "houses," the House of Islam and the remaining territories, the House of War, or Dar Al-Harb.

Al-Siba'i speculated that a Western nation could have been responsible for the attack, but he acknowledged it could have been carried out by Osama bin Laden's terrorist organization, according to a transcript provided by the Middle East Media Research Institute, or MEMRI.

"If al-Qaida indeed carried out this act, it is a great victory for it," he said. "It rubbed the noses of the world's eight most powerful countries in the mud."

### **How does God see things?**

**Joel 3:1-3** "For behold, **in those days** and at that time, when I bring back the **captives of Judah and Jerusalem**, (2) I will also gather all nations, and bring them down to the **Valley of Jehoshaphat**; and **I will enter into judgment** with them there **on account of My people, My heritage Israel**, whom they have **scattered among the nations; they have also divided up My land**. (3) They have cast lots **for My people**, have given a boy in exchange for a harlot, and sold a girl for wine, that they may drink.

In "those days" that means we are living in these days today because both Judah is back in the land of Israel and since 1967 Jerusalem is also freed but the struggle rages on between the Palestinians and Israel for this little piece of real estate.

Here is a graph of what the Arabs own to what the Israelis have.

| Country                     | Area (sq km)              | <u>Israel</u>         |

| <b>Kuwait</b>               | <b>17,820</b>             |                       |
| <b>Qatar</b>                | <b>11,437</b>             |                       |
| <b>Lebanon</b>              | <b>10,400</b>             |                       |
| <b>Total</b>                | <b>11,805,461 (sq km)</b> | <b>20,770 (sq km)</b> |

The figures are staggering **11.8 million** Sq KM to **20.7 thousand** km and sure the Arabs have plenty of oil and money to accommodate a million Palestinians refugees but they will not do this. If you travelled in a plane from Mauritania to UAE it takes almost eight hours flight time this is how big the land mass is that is occupied by the Arabs. The Arabs own 650 times more land mass than the Israelites. When we come to GDP the Arab GDP is \$3700 verses Israel of \$18000. The education rates in the middle-eastern Muslim nations are appalling to say the least.

The Arabs in the past and today are using the Palestinian Arabs as pawns for their game of cat and mouse to bring down Israel. The God of Israel says that He will bring to judgement those nations that will divide the land of Israel so who are those nations?

Sure the West is certainly not helping because they are giving Israel the marching orders that in order to make peace with the Palestinian Authority they must give land to them but who is really being judged other than the Western nations because the problem is not the Western nations alone but the Islamic nations as well.

**Joel 3:12** "Let the nations be wakened, and come up to the Valley of Jehoshaphat; for there I will sit to **JUDGE ALL THE SURROUNDING NATIONS.**"

So from the above verses the judgment is clearly on the "surrounding nations" that means judg-

ment on the Islamic nations in the correct context.

**Isaiah 28:14-15** (14) Therefore hear the **word of the Lord**, you scornful men, **who rule this people who are in Jerusalem**, (15) because you have said, "**We have made a covenant with death**, and with **Sheol we are in agreement**. **When the overflowing scourge passes through, it will not come to us, for we have made lies our refuge**, and under falsehood we have hidden ourselves."

The core problem is with Israel's leadership that is corrupt and willing to sacrifice Jewish lives in order to appease the Edomites (Jordanians) and the Ishmaelites (Arabs) and of course the rest of the world who wants to divide Israel.

The problem with the West is they rely on Arab oil and have extensive business contracts with the Arab nations and so in order to accommodate they try to lean to a certain direction in favour of the Arab nations thus they do not give Israel the same leverage they sometimes give to their Arab counterparts. The other problem is that in Europe during the 12<sup>th</sup> to the 18<sup>th</sup> century the Jews were severely persecuted and they escaped to Muslims lands for safety and lived though amongst the Muslims in safety as long as they held to the Dhimma laws where both the Jews and Christians were nothing more then second class citizens. Today the Jews have a little piece of land they can call home and we all want to divide it in pieces.

### **So what is the fault of the Western world?**

Could it be possibly appeasement of the radical elements?

The West's weak response and not taking a firm stand against fanatic Islamic elements and also our governments in collusion with the Arabs and their rich monopolies through the oil.

The book of Revelation puts it like this.

**Revelation 18:3** "For all the nations have drunk of the wine of the wrath of her fornication, **the kings of the earth have committed fornication with her**, and the merchants of the earth have become rich through the **abundance of her luxury**."

This reference is to Saudi Arabia and if you want to know more then you can get my book "**Islam, peace or beast**" from [www.abrahamic-faith.com](http://www.abrahamic-faith.com).

It is quite clear that Israel will be divided; some has already been divided and while the communities of Yesha (Judea and Samaria) are being asked to be uprooted and have been told in no uncertain terms to get ready to get out or expelled forcefully. August is marked as the time for uprooting Gaza residents and many Jewish settlements to give to the PA authority. So this means God will not only judge the Western nations who want to divide Israel but also Israel's own corrupt leadership and those people who think giving land for peace will help in their cause.

Gaza belongs to the tribe of Judah but is claimed by the Palestinians as their when they never lived there in the distant past.

**Judges 1:18** Also **Judah took Gaza with its territory**, Ashkelon with its territory, and Ekron with its territory.

God through the prophet Joel refers to ALL of Israel as MY PEOPLE and that those who try to divide it will suffer, He does indeed give us the reason and the real people behind the division also.

**Joel 3:6** Also the people of Judah and the people of Jerusalem You have sold to the Greeks [Yavanee], that you may remove them far from their borders.

“You have sold people of Judah and people of Jerusalem” to the Greeks. The word used here for the Greeks is “Yavanee” and is not the same Greece we know of today but these Yavanees are according to the historian Josephus the land mass of Western Turkey. So who is selling to whom?

The Western alliance in collusion with Israel’s leadership giving the land away and trying to remove Judah from its border to the Muslim people because Yavanee is here referred to the Islamic Empire not Greece.

**Joel 3:7** "Behold, I will raise them out of the place to which you have sold them, and will return your retaliation upon your own head.

Notice God is going to raise Judah out of the place where they were sold and the retaliation will be returned to those who enacted the division. This should force us to re-examine our actions.

### **Does the Qur’an advocate violence?**

Absolutely yes, all the peaceful verses have been abrogated and very little of the Qur’an is active today, most Muslims do not even know this fact . The Law of abrogation is a complex one, usually the later Surahs abrogate the earlier verses but it can be that rarely the other way around also, this is dependent on scholarly consensus and the Umma (body of believers) who hold authority to make a ruling in Islamic jurisprudence.

The issue of war in Iraq and Afghanistan is also dealt with in the Qur’an this way that the Muslims are to fight the nations that wage war against Muslims.

**Sura 5:3** The punishment of those **who wage war against Allah and His apostle** and strive to make mischief in the land is only this, that they should be **murdered or crucified or their hands and their feet should be cut off** on opposite sides or they should be imprisoned; this shall be as a disgrace for them in this world, and in the hereafter they shall have a grievous chastisement.

This war in Iraq and Afghanistan is not seen against the Muslims but against Allah and his apostle so the murder of soldiers and civilians is fully justified and sanctioned in the Qur’an.

When Muslims quote certain Suras for peace they actually have no value because they are abrogated and were only active during Muhammad’s stay in Mecca during his first thirteen years of Islam.

One classic verse is in **Sura 2:256** There is no compulsion in religion, for the right way is clearly from the wrong way. Whoever therefore rejects the forces of evil and believes in God, he has taken hold of a support most unfailing, which shall never give way, for God is All Hearing and Knowing.

This verse has been abrogated yet it is quoted as a peaceful verse by many Muslims out there, this shows us the ignorance Muslims themselves live under. At least you can say that the fanatics know

their Qur'an better than the moderates, whether this is good or bad is not the debate here.

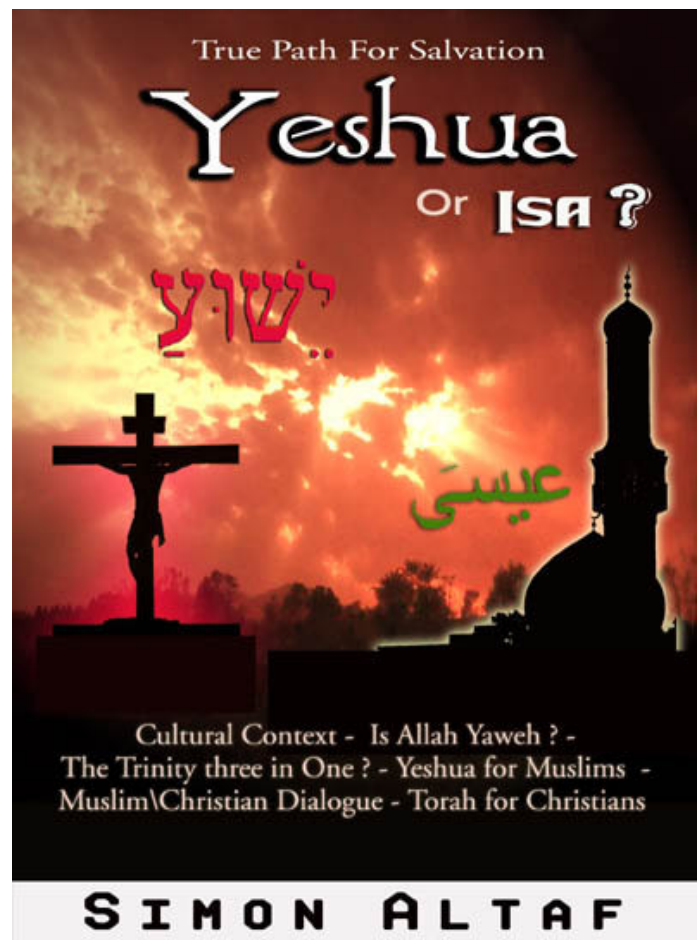

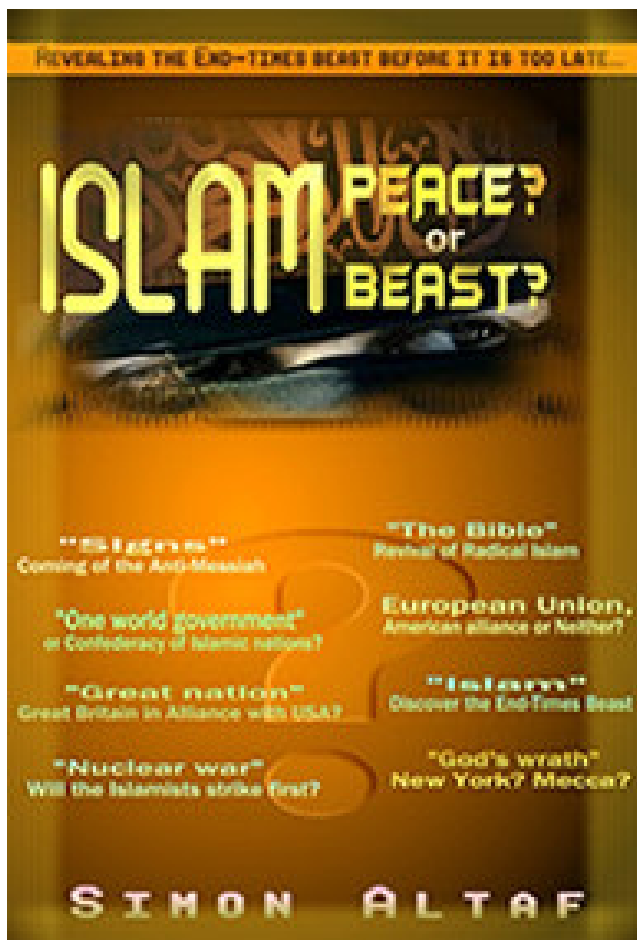

Ibn Hazm al-Andalusi, the author of *an-Nasikh wal-Mansukh*, said it this way that ALL 114 peaceful verses the majority of which are Meccan have been abrogated. All the later verses to do with warfare are active today.

Have you ever wondered why Abu Musab Al Zaraqawi is beheading people in Iraq? The edict comes right out of the Qur'an and is active today. This is why many Serbians were also beheaded in the Balkans by the KLA (Kosovo Liberation Army) and we find this pattern repeated throughout the Muslim world where innocent people even get beheaded even those including moderate Muslims who are considered apostate by the Islamists.

**Sura 47:4** Now when ye meet in battle **those who disbelieve, then it is smiting of the necks until, when ye have routed them**, then making fast of bonds; and afterward either grace or ransom till the war lay down its burdens. That (is the ordinance). And if Allah willed He could have punished them (without you) but (thus it is ordained) that **He may try some of you by means of others**. And those who are slain in the way of Allah, He rendereth not their actions vain.

## What is the solution to this terrorism?

This is very simple, fanatics do not understand the language of love and will go on killing until they are stopped. The British police has said that they will ban books that teach radical Islam in Islamic bookshops. This is not the problem but the source is still there the Qur'an that teaches these things. You would need to ban the Qur'an to eradicate terrorism because this is where the teaching is taken out of. The other ways in which this could be controlled is by eliminating radical preachers that teach these things but we are still left with the source. It is high time that mosques that teach radicalism should be shutdown, once we shutdown ten to twenty mosques and the so called moderate Muslim community realise that this is what is happening and that they have started to lose their mosques then they will have to act themselves to bring order and control to the situation and get rid of radical preachers. The other place where money could be well spent is funding Muslim governments, each time a bomb goes off in a city, it causes damage to property, lives are lost and millions of damage is done so money else wasted because of terrorism could be given to Muslim governments to require them to reign in radicals and they know what to do with them because they do not have appeasement laws like the Europeans who feed the terrorists on social services while all they can do in return is bomb our cities and kill our citizens. We must engage the Muslim leaders themselves in their own countries and expel any radical elements back to their countries, unless we get tough we can expect a lot more carnage.
